

Foodie Map

Canola, potatoes, turnips, and vegetables. Berries, mushrooms, herring, and pheasant. Trelleborg's countryside is often called Sweden's granary, where ingredients flourish – and so do the chefs. Grab a seat at a beautifully set table, take home fresh local produce, savor a creative pizza, enjoy a homemade fika, or explore the exciting local drink scene. The Foodie Map brings together flavors for both your plate and your glass.

And hey – come just as you are! Just like us.
